DEVICE DOCTOR
DIGITALIZE YOUR BUSINESS

APP DEVELOPMENT PORTFOLIO

We Build Apps That Build Businesses.

About Us

At Device Doctor India, we’re passionate about crafting intuitive, user-centric, and high-performance mobile applications. With a focus on innovation and functionality, we transform bold ideas into digital realities that scale. Whether it’s Android, iOS, or cross-platform, our expert team delivers sleek designs backed by robust development, ensuring every app delivers value and performance.

Mission

At Device Doctor India, our mission is to empower businesses and startups by creating innovative, scalable, and user-friendly mobile apps. We aim to transform great ideas into impactful digital solutions that help our clients grow, compete, and lead in the digital world.

Vision

Our vision is to be a trusted global partner in app development—known for creativity, quality, and results. We strive to build apps that improve lives, solve real-world problems, and shape the future of mobile technology.

Value

We believe in innovation, a user-first mindset, and delivering reliable, high-quality solutions. With transparent communication and a focus on client success, we turn ideas into impactful digital experiences.

SIZIFI FASHION

Sizifi Fashion is a smart alteration and measurement management app aimed at digitizing garment alterations for manufacturers, tailors, and fashion retailers. Backed by ₹1.3 Cr+ in funding, Sizifi offers smart solutions that enhance efficiency by up to 5x in apparel production and retail environments.

Industry

Fashion Tech | Smart Measurement Solutions

Project Type

CRM Development & App Design

Our Contribution:

We developed a custom CRM system and a user-friendly mobile app to digitize the end-to-end alteration process. From smart measurements to workflow automation, our solution helped Sizifi strengthen its digital presence and streamline operations for B2B users.

- Developed CRM & digital interface for Sizify.com
- Enhanced productivity through process automation.
- Positioned for scalable adoption in garment tech

TEMPORARY EMAIL GENERATOR

Temporary Email Generator is a privacy-focused utility app designed to help users create disposable email addresses instantly. With over 100K+ downloads and a 4.2★ rating from 2,000+ reviews, the app enables users to avoid spam, safeguard personal email accounts, and manage one-time verifications effortlessly.

Industry

Privacy & Utility Apps

Project Type

Android App Development

Our Contribution:

We built a high-speed, scalable email generator with a clean UI and robust backend to ensure quick address creation and secure message retrieval. The app is optimized for Android, with a strong focus on privacy, speed, and usability.

- Enabled instant email generation for seamless verifications.
- Integrated real-time inbox for fast and secure message access.
- Designed lightweight interface for smooth user experience on all Android devices

MASJID MODE

Masjid Mode is a faith-based mobile application designed specifically for the Muslim community. The app helps users stay spiritually connected by automatically silencing their phones during prayer times and providing essential Islamic tools in one place. With features like Qibla direction, Quran access, Duas, Tasbih counter, and nearby mosque information, Masjid Mode supports daily worship with convenience and focus.

Industry

Religious / Faith-Based Technology

Project Type

Religious Utility & Lifestyle Mobile Application

Our Contribution:

Device Doctor India managed the complete design and development of the Masjid Mode app, focusing on a clean interface and seamless integration of key Islamic features. We ensured accurate prayer-time auto-silent functionality, reliable Qibla direction, and smooth access to Quran, Duas, and mosque locations for a distraction-free user experience.

- Designed a clean, responsive UI/UX focused on ease of use and spiritual focus.
- Integrated prayer-time based automation, Qibla direction, Quran, Duas, and Tasbih features into a unified experience.
- Ensured smooth performance, accuracy, and reliability for daily use across devices.

QUIZ PATENTE B PER TUTTI 2024

Quiz Patente B Per Tutti 2024 is a smart exam preparation app designed to help users efficiently prepare for the Italian Patente B (car driving license) exam. The app allows learners to practice complete quizzes by topic with instant corrections, review mistakes by selecting specific weak areas, and study through a fully integrated textbook linked directly to quiz questions—making exam preparation faster and more effective.

Industry

Educational & Exam Preparation Mobile Application

Project Type

Education / E-Learning / Test Preparation

Our Contribution:

Device Doctor India was responsible for the complete development and optimization of the Quiz Patente B Per Tutti 2024 app. Our team built a structured quiz system with instant evaluation, mistake-tracking functionality, and seamless integration between study material and quizzes, ensuring a smooth, fast, and effective exam preparation experience for users.

- Designed a responsive and intuitive UI/UX optimized for efficient exam preparation.
- Integrated topic-wise quizzes, instant result evaluation, and mistake-tracking features.
- Built a scalable architecture to support a growing user base and high quiz activity.

OSHRINK

Oshrink is a mental health care mobile application designed to support individuals dealing with stress, anxiety, overthinking, relationship challenges, and other emotional concerns. The app offers expert guidance, self-help tools, and personalized support to help users improve their mental well-being and achieve a more balanced, healthier life.

Industry

Healthcare / Mental Health / Digital Wellness

Project Type

Mental Health & Wellness Mobile Application

Our Contribution:

Device Doctor India handled the end-to-end design and development of the Oshrink mobile application. Our team focused on building a secure, user-friendly platform with smooth navigation, personalized self-help tools, and seamless access to expert support, ensuring a reliable and engaging mental wellness experience for users.

- Designed a calm, responsive, and intuitive UI/UX focused on emotional comfort and ease of use.
- Integrated self-help tools, guided resources, and expert support features for personalized mental care.
- Built a secure and scalable architecture to support a growing user base and continuous engagement.

REPSO LIVE

Repso Live is an interactive live streaming platform that connects users worldwide through real-time video broadcasts, chats, and virtual gifting. Similar to Tango Live, it offers a dynamic space for creators to engage with their audience, monetize content, and build a global community. With high-quality streaming and interactive features, Repso Live enhances digital social experiences like never before.

Industry

Social Networking / Entertainment / Creator Economy

Project Type

Live Streaming & Social Media Mobile Application

Our Contribution:

Device Doctor India delivered the complete design and development of the Repso Live platform. Our team implemented real-time live streaming, interactive chat, and virtual gifting features while ensuring high performance, low latency, and a smooth user experience. We focused on scalability, security, and seamless creator–audience interaction to support global user engagement.

- Real-time live video streaming with high-quality playback
- Interactive live chat and audience engagement tools
- Virtual gifting and creator monetization features
